

PACKTALK EDGE

OFF-ROAD VEHICLES

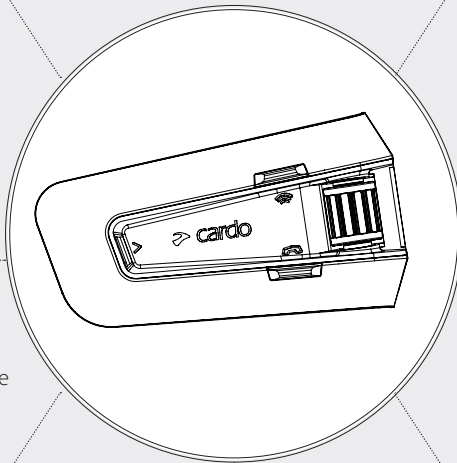

FREEDOM TO ROAM

Enjoy the ease and convenience of not being bound to your vehicle – the freedom to move without restrictions, like being a spotter for your group. Connectivity follows you, not the other way around.

SOUND BY **JBL**

Powerful 40mm high-definition speakers engineered to perfection by JBL experts, with an improved music processor and three redesigned audio profiles.

WIRELESS HANDSFREE INTERCOM

Communicate with just a single piece of equipment, small enough to fit on your helmet, without the physical restrictions of wired communication systems. Inside a vehicle, or between two vehicles with up to 1 mile range.

OPERATED BY NATURAL VOICE

Keep your eyes on the trail and hands on the wheel for safer driving while using Natural Voice Operation. Just say "Hey Cardo" and tell it what you want, your PACKTALK EDGE ORV will do the rest.

NO-CELLULAR COVERAGE NEEDED

Broad, seamless coverage and reception. You're "never" out of range, wherever you are.

SAND/MUD/WATERPROOF

All weather conditions and all terrain welcomed with your waterproof, dustproof, and mudproof unit.

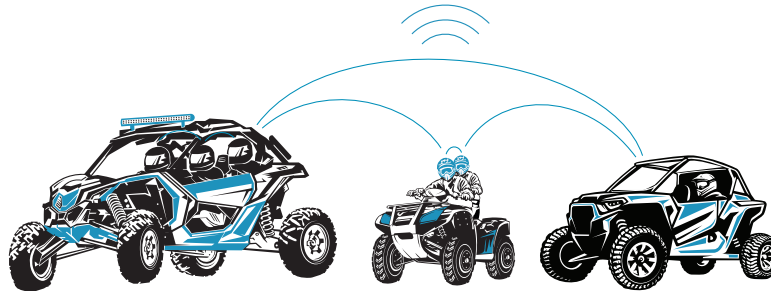

RAPID AND TOOL-LESS INSTALLATION

Fast, easy and seamless installation. No bulky equipment, wiring harnesses, or remote antennas.

COMMUNICATION FOR EVERY TERRAIN

Whether riding on your own listening to your music or GPS, riding with your friend, or in a large group of up to 15 people, the hands-free wireless intercom allows you to enjoy the experience like never before.
