SYNC

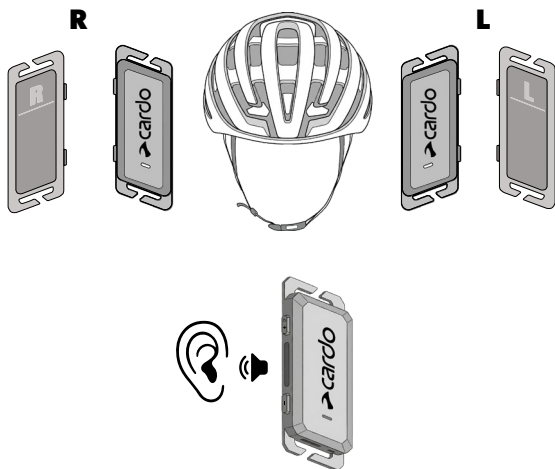

INSTALLATION GUIDE

EN

BEFORE YOU START

Make sure you have your L and R units.

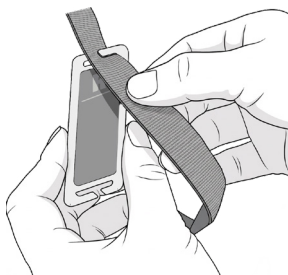

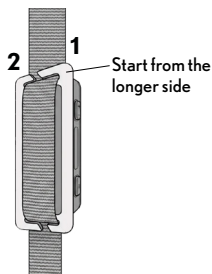

Each side's unit speaker should face your ear after installation

INSTALLING YOUR CARDO SYNC

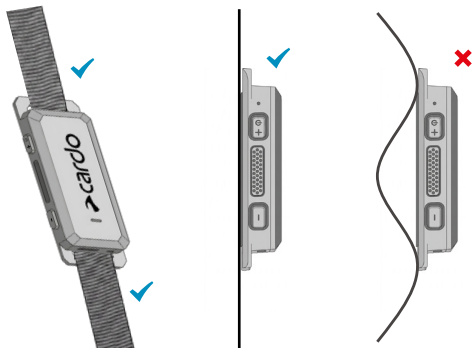

1.

Insert helmet straps into the loops

2.

Make sure the strap is inserted through the top and bottom loops of your unit

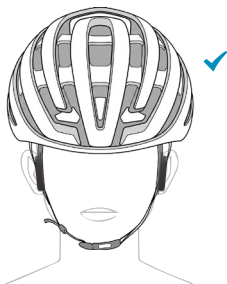

3.

Make sure the SYNC speaker is aligned with your ear

4.

Adjust and tighten your helmet strap to make sure your SYNC is close to your cheeks

INSTALLING SYNC WIND SHIELD

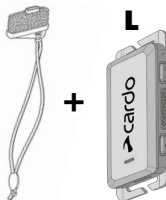

Optional, for high speed cycling

Safety lanyard, install on **left unit only** into USB connection, and secure

1.
